

22-24
AUG 2017

RIO DE JANEIRO
BRAZIL

twas **TYAN**

**1st International Conference of
TWAS Young Affiliates Network**

1st International Conference of TWAS Young Affiliates Network

Total attendance	> 80 (From 32 countries)
Invited talks	5
Oral sessions	10 (thank you chairs!)
Posters	~ 55
Workshops	3 (very interactive!)
Discussion groups	9
Engagement	Abundance!

Region	Number
ROCASA	7
ROSSA	15
ROESEAP	4
ARO	12
ROLAC	15

TYAN Executive Committee Members

2016 - 2019

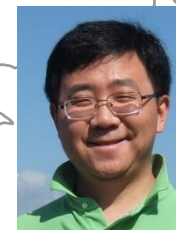

Jalila Ben Salah-Abbas
Environmental toxicologist
Tunisia
Scientist interactions

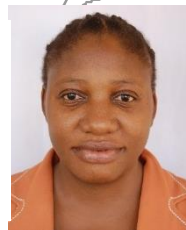

Yusuf Baran
Cancer geneticist
Turkey
Partnerships

Yin Li
Microbiologist,
China
Funding

Bolanle Ade Ojokoh
Information Scientist
Nigeria
Communication

Sok Ching Cheong
Cancer biologist
Malaysia
Scientific Cooperation

Patricia Zancan
Cancer biologist
Brazil
Public understanding

Franco Martin Cabrerizo
Organic/physical chemist
Argentina
Organizing activities

Collet Dandara
Human geneticist
South Africa
General Secretary

1st International Conference of TWAS Young Affiliates Network

I was there when it all started

1st International Conference of TWAS Young Affiliates Network

- 1) Online feedback
- 2) Feed-back regarding Strategic Priorities for TYAN
- 3) Follow-up with the initiation of collaborations – updates please
- 4) Action items to follow-up from workshops – SDGs, ROs, collaborations
- 5) Connect with TYAN members who were not here – Whatsapp
- 6) Create opportunities for yourself and for others

1st International Conference of TWAS Young Affiliates Network

1. Who have you discuss collaborative ideas with? What scientific ideas have you crystalized ? How would you proceed?
2. Is there a specific laboratory you would like to visit or work with?
3. Which scientific presentation(s) made an impression on you?
4. Do you have any research initiatives/ideas that you would like to proposed?
5. How frequent do you think conferences should be?
6. Would you be interested in hosting TYAN workshops/conferences?
7. Do you have any suggestions on how TYAN can grow in a sustainable way?
8. Besides TYAN, are you involved in any other young scientists movements?
